**INFORMATION FORM CHEMICALS**  
**DATA**

**X**

**R-PG 10/01**

Ref.SDS12.04

1.-Identification of the chemical and of the manufacturer, importer or other undertaking.			
1.1.-Identificacion of the substance on preparation			
Trade name:	<b>MAXREST PASSIVE</b>		
Code of the prepaation			
1.2.-Identificacion of the manufacturer, importer or other undertaking			
1.2.1.-Manufacturer, importer, other undertaking:		HANMA INVESTMENTS P/L <b>ABN: 26 086 715 264</b>	
1.2.2.-Address:		<b>Unit 4/92 Bryant Street Padstow NSW 2211, Australia</b> <b>Ph: (02) 9771 0011</b>	
1.2.3.-Name and address of the informant in emergency cases.			
Emergency telephone number:			
1.2.4.-Information on foreign manufacturer.			
2.Composition and information on ingredients			
2.1.-Description:		<b>Rust converter in polymeric emulsion aqueous based.</b>	
2.2.-Hazardous ingredients:			
2.2.1.-CAS number or other code	2.2.2 Name of the ingredients	2.2.3.Concentration	2.2.4.Warning symbol, R phrases and other data on the ingredients
75-35-4	Vinyldene Chloride	< 50 ppm	R12, R40, 520; F+, Xn
75-01-04	Vynil Chloride	< 5 ppm	R45, R12; F+, T
2.2.5 Full chemical name of the ingredients			Confidential
<b>Vinyl Acrylic Copolymer Latex: 40 – 60 % CAS number: 65045-76-3</b> <b>Water: 40 – 60 % CAS number: 7732-18-5</b>			
2.2.6 Other information			

**Date : 01-03-07**

**Updated: 5-09-17**  
**Updated number: 6**

Ref.SDS12.04

3. Hazards Identification

**Avoid any contact with skin, eyes and respiratory system, as it may causes irritations. Wear suitable clothes (gloves, protective glasses, body-suits,..)**

4. First aid measures

4.1 Special instructions

**Avoid any prolonged contact with skin, eyes and respiratory system**

4.2 Inhalation

**Move the patient to a well ventilated place. See a doctor.**

4.3 Skin

**Remove the product and rinse, the affected area, immediately with plenty of water at least for 15 minutes. Take the stained clothes off and if symptoms continue, go to see a doctor.**

4.4 Splashes in eyes

**Hold eyelids apart and clean the eyes right away at least for 15 minutes and see a doctor.**

4.5 Ingestion

**Go right away to see a doctor, and show this safety data sheet.**

**The decision of inducing or not to vomit, will be based on medical criteria.**

4.6 Information of doctor or other trained persons giving first aid

**Treatment will be based on medical criteria, depending on patient's reaction.**

5. Fire-Fighting measures.

5.1 Suitable extinguishing media

**Water mist, chemist powder, foam, carbon dioxide (CO2)**

5.2 Extinguishing media which must not be used for safety reasons.

**Plenty of water-blast.**

5.3 Special exposure hazards in a fire.

**No flammable product. Small quantities of oxides of carbon, nitrogen or cyanides can be released from combustion.**

**Neighbours have to be evacuated as well as any person that could be found in the same direction of wind.**

5.4. Special protective equipment for a fire

**Firemen must wear boots, gloves and body-suits anti-fire, as well as autonomous respiratory equipment.**

5.5 Other instructions

**Retain expended liquids from fire fighting for later disposal.**

6. Accidental release measures.

6.1 Personal precautions

**Avoid any contact with skin and eyes.**

**Wear protective clothes, such as gloves, boots and protection for eyes (glasses with lateral fittings)**

6.2 Environmental precautions

**Avoid the product come into the ground, sewer systems or any kind of water streams (Even underground).**

6.3 Methods for cleaning up

**Take with mechanical devices or absorb with suitable products (sand, earth of diatoms, Vermiculite, etc...).**

**The residue must be picked up, labelled and removed following laws in force.**

6.4 Other instructions

7. Handling and storage

7.1 Handling

**Use in well ventilated places. Do not inhale steams. Avoid any contact with skin and eyes. Wear suitable clothes. Take into account laws in force.**

7.2 Storage

**Date : 01-03-07**

**Updated: 5-09-17**  
**Updated number: 6**

**SAFETY DATA SHEET**  
**INFORMATION FORM CHEMICALS**  
**DATA**

**X**

**R-PG 10/01**

Ref.SDS12.04

**Keep the packages perfectly closed and store in a dry, cool and well Ventilated place with a temperature between 10-35°C. Protect packaging of frost.**

**8. Exposure controls / personal protection**

8.1 Technical measures for exposure controls.

8.2 Limit values for workplace

8.2.1 HTP values

8.2.2 Other information on limit values

8.3. Personal protective equipment

8.3.1. Special instructions for protection and hygiene

**Provide well ventilation in places where storing, handling or applying.**

8.3.2. Respiratory protection

**No necessary under usual work conditions.**

8.3.3 Hand protection

**Wear waterproofing gloves.**

8.3.4. Eye protection

**Wear glasses with lateral protection.**

8.3.5. Skin protection

**Wear boots and protective waterproofing clothes.**

**9. Physical and chemical properties.**

9.1 Physical state, colour and odour. **Milky liquid, characteristic odour.**

9.2. pH **1 - 3**

9.3 Information on changes in the physical state.

9.3.1. Boiling point / boiling range

**Approx.  
100°C**

9.8 Explosive limits

a.-Lower

9.3.2 Melting point / melting range

b.- Upper

9.3.3 Decomposition temperature

9.9 .Oxidizing properties

9.4. Flash point

**N.A.**

9.10 Vapour pressure

9.5. Flammability (solid / gas)

9.11 Relative density

**Approx. 1.15 g/cm3**

9.6. Autoflammability

9.7. Explosion hazard

9.12 Solubility

a.-Water solubility

**Soluble**

b.- Fat solubility

9.13 Partition coefficient (for ingredients) in-octano / water

**Date : 01-03-07**

**Updated: 5-09-17**  
**Updated number: 6**

**R-PG 10/01**

Ref.SDS12.04

9.14 Viscosity

9.15 Other information

**10.Stability and reactivity**

10.1 Conditions to avoid

**Hazardous reactions when storing or handling according common industrial practices are unknown.**

**Protect against frost.**

10.2 Materials to avoid

**N.A.**

10.3 Hazardous decomposition products

**Thermal decomposition can produce acrylic monomers.**

**11.Toxicological information**

11.1 Acute Toxicity

11.2 Irritancy and corrosiveness

**In contact with skin and eyes may cause irritations.**

11.3 Sensitisation

**Could take place.**

11.4 Subacute, subchronic and prolonged toxicity

11.5 Empirical data on effects on humans

11.6 Other information on health effects

**12.Ecological information**

12.1 Persistence in the environment

12.1.1 Biodegradation

**This product is not biodegraded although easily bioeliminated.**

12.1.2 Chemical degradation

12.2 Bioaccumulation

**Date : 01-03-07**

**Updated: 5-09-17**  
**Updated number: 6**

**SAFETY DATA SHEET**  
**INFORMATION FORM CHEMICALS**  
**DATA**

**X**

**R-PG 10/01**

Ref.SDS12.04

12.3 Mobility

**This product is stable.**

12.4 Toxic effects on organisms

12.4.1 Aquatic toxicity

**Avoid the product comes into the sewage system or any superficial or underground stream.**

12.4.2 Other toxicity

12.5. Other information

13. Disposal considerations

**Disposal according to legislation in force, residue has to be properly labelling.  
Take with mechanical devices or absorb with suitable products.  
Solution can be coagulated with gradual addition of calcic chloride and dispose the residue according to legislation in force.**

14. Transport information

14.1 UN number **No classified like hazardous merchandise.**

14.2 Packaging category

14.3 Land transport

14.3.1 Transport class

14.3.2 Risk code

14.3.3 Name according to bill of freight

14.3.4 Other information

14.4 Sea transport

14.4.1 IMDG class

14.4.2 Correct technical name

14.4.3 Other information

**Date : 01-03-07**

**Updated: 5-09-17  
Updated number:6**

14.5 Air transport

14.5.1 IDAO / IATA class

14.5.2 Correct technical name

14.5.3 Other information

15.Regulatory information

15.1 Information on the warning label

15.1.1 Letter code of the warning symbol and indications of danger for the preparation.

**Xi, Irritant**

15.1.2 Names of the ingredients given on the warning label

15.1.3 R phrases.

**R36/37/38 Irritating to eyes, respiratory system and skin.**

15.1.4 S phrases

**S24/25 ( Avoid any contact with eyes and skin )**

**S36/37/39 ( Wear clothes, suitable gloves and protections on eyes and face )**

15.1.5 Special regulations on certain preparations

15.2 National regulations

16. Other information

16.1 Purpose of use

16.1.1 Expressed in writing

16.1.2 Code for the purpose of use

Sic (TOL)-Standard industrial classification

16.2 Directions for use

16.3 Other information

**This product must be stored, handled and used on the basis of a good industrial hygiene, according to legislation in force. The information provided in this safety data sheet is based on our actual knowledge state and try to describe our product from the point of view of safety requirements. It cannot perform as a guarantee of specific properties**

16.4 Additional information available from

16.5 Sources of information used in the compilation of the safety data sheet

**Data from suppliers and bibliographic sources.**
