

Construction Material Alliance Pty

Blueworld Trade Center, Rawalpindi Pakistan

PROJECT DETAILS

COUNTRY	Pakistan
SITE	Blueworld Trade Center
CLIENT	BGC-IGC Consortium
APPLICATOR	Fawchem Construction
AREAS TREATED	Foundations – Basement with CWS Admix as shotcrete
YEAR	2024

“The Tallest Business Address of Twin Cities”

Spanning over 29 storeys, this 500 ft. tall masterpiece will offer Commercial Outlets, Corporate Offices & Loft Apartments with countless striking amenities, when it is completed. CWS Admix was chosen for the waterproofing of the basement excavation and the piling work. Later, CMA100 will be used for the waterproofing of exposed areas such as rooftops balconies and podiums.
